

always by their side 2012 ANNUAL REPORT

THE USO LIFTS THE SPIRITS of America's troops and military families. We're the way this nation says, "Thank you" for all they do. No other organization can match us when it comes to meeting their needs, in times of war and peace. We deliver entertainment, connectivity, comfort and support through the delivery of USO2GO shipments to forward operating bases, millions of free phone calls home from the frontlines, a warm greeting by a USO volunteer or one of our celebrity tours. The support of more than 2 million donors, our outstanding partnerships with corporate sponsors, the generosity of hundreds of celebrities and the devotion of 27,000 volunteers combine to make a real difference in the lives of today's troops and families. They know that the USO will continue to help them meet any challenge they face, because today's USO is ...

... always by their side. **IUSO** 

## Sloan D. Gibson USO President and CEO

Always by their side ... That's more than an aspiration. Today's USO is at the side of troops and families, meeting their needs in new and imaginative ways.

We're unique because of our **scope**, allowing us to be with troops at the frontlines, with families as they endure long deployments, and with injured troops while they are recovering.

We have the **scale** reflected in 9 million visits to USO centers and more than 650 entertainment events in 2012. Our tangible support – measured in hundreds of tons – delivered to forward combat areas and millions of free phone calls home are hallmarks of the USO.

More than 160 locations and programs like our Christmas Convoys in Afghanistan make our **presence** felt around the world. And we extend our **reach** by leveraging countless relationships with corporations, agencies and other organizations to help troops and families.

But that's not all that makes us unique. The **knowledge** earned through millions of face-toface contacts informs our decisions about the needs of troops and families and helps us make a real difference in their lives. According to our latest *TellUSO* survey of troops and families, 93 percent agree the USO boosts morale and lets troops know America supports them. Our careful stewardship of donated resources, the passion and hard work of USO volunteers and staff, and more than 72 years of delivering on our promise have earned the **trust** of troops and families everywhere.

Thank you for your continued support.

## Gen. Richard B. Myers, U.S. Air Force (Ret)

Chairman, USO Board of Governors

In 40 years of active service and more than two years as chair of the USO Board of Governors, I remain enormously impressed by the USO's ability to sustain excellence in its support of troops and military families everywhere, while looking to the future to ensure we remain capable and relevant.

Our annual *TellUSO* survey and the direct feedback we receive from military leaders tell us we're making a difference. Our donors and sponsors, celebrities, volunteers and staff are making a real impact every day.

Through regular reports and financial statements we see how the USO has rebalanced, delivering more support to forward deployed

troops and their families back home. We also made major investments to support wounded, ill and injured troops, their families and caregivers. Rebalancing to meet these pressing needs is a powerful reminder that being good stewards is about more than an income statement ratio.

The future will require us to adapt to tomorrow's needs. We will lead the celebration when our troops are no longer in harm's way, but we understand that troops and families will continue to have unique needs. The active engagement of our strong and diverse Board of Governors, our dedication to sound governance and the best business practices will ensure that the USO delivers the greatest value for every donated dollar.

I am proud of the difference today's USO makes for America's troops and families, and I am confident that after more than 72 years the USO will continue to be there – *always by their side*.

che Myen

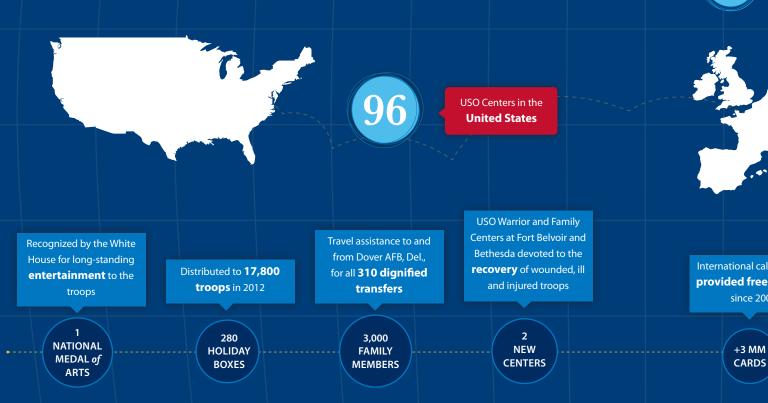

**G** We can't thank the USO enough. We are a team of medics, doctors, Certified Registered Nurse Anesthetists and nurses who are devoted to taking care of the wounded, and it makes me feel good to know that *with the* help of the USO, we are able to help other *soldiers* here on the Forward Operating Base."

> ARMY CAPT. PHYLLIS THIEKEN 629th Forward Surgical Team

## **MISSION DELIVERY**

When the USO pledges to always be by the side of troops and their families, it means we're there at austere forward operating bases, supporting them with our annual Christmas Convoy. We deliver superstar celebrities like Toby Keith and Peyton Manning, passing along America's gratitude. And, we're with them at career transition events and caregivers' conferences, helping them stay strong and confident.

To make a real difference for more than 2 million troops and their families, it takes **USO** Centers in an organization that provides support on Europe a massive scale. In 2012, our centers were visited nearly 9 million times. Troops made more than 3 million free phone calls to every day. ## **MISSION DELIVERY**

Through our partnerships with corporations, best-in-class organizations, entertainers and government agencies, the USO is able to do more. These relationships help us make a real difference for more troops in more ways in more places than anyone else. From TAPS Good Grief Camps that help families after a loss to the annual July 4 concert for military families on the White House South Lawn, our impact is greater thanks to strong partnerships.

## **USO CONGRESSIONAL CAUCUS**

The USO Congressional Caucus was formed in 2003 to enhance the outreach efforts of the American people to U.S. troops and their families. Serving as a forum for the ongoing exchange of information, the USO Congressional Caucus brings together members from the U.S. Senate and U.S. House of Representatives who have a shared interest in supporting our service members and their families around the world.

The primary purpose of the USO Congressional Caucus is to educate and inform members of Congress about USO programs and services (within states/districts) and related quality-of-life issues facing our armed services personnel and their families. They provide a unified voice to help ensure a new generation of Americans is engaged with supporting troops and their families.
