## **Report of Independent Certified Public Accountants**

Board of Governors United Service Organizations, Inc.

We have audited the accompanying consolidated statement of financial position of United Service Organizations, Inc. (USO) as of December 31, 2011, and the related consolidated statements of activities and changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of USO's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information has been derived from USO's 2010 consolidated financial statements and, in our report dated April 11, 2011, we expressed an unqualified opinion on those consolidated financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America as established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of USO's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of United Service Organizations, Inc. as of December 31, 2011, and the change in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 30, 2012 on our consideration of USO's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of USO's internal control over financial report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplemental consolidated schedule of functional expenses for the year ended December 31, 2011 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America established by the American Institute of Certified Public Accountants. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

| Cash and Cash Equivalents, end of year                            | \$<br>17,470,401 \$ | 11,517,944   |

Notes to Consolidated Financial Statements

## December 31, 2011 and 2010

## NOTE A¾ORGANIZATION

United Service Organizations, Inc. (USO) is a not-for-profit, congressionally chartered, private organization devoted exclusively to lifting the spirits of America's troops and their families. USO is not part of the United States Government, but is recognized by the Department of Defense, Congress and President of the United States, who serves as Honorary Chairman of USO. It relies on the generosity of individuals, organizations and corporations to support its activities. For over seventy years its mission has been to enhance the quality of life for military personnel and their families by helping them adjust to the special rigors of a transient military lifestyle and by fostering a partnership between the military and civilian communities. To carry out this mission, USO operates Centers at major military installations and airports around the world, produces free celebrity entertainment tours for military personnel, and provides programs and services to troops and their families to meet their ever-changing needs.

## NOTE B3/4SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## **Basis of Presentation**

The accompanying consolidated financial statements reflect the accounts of USO Arlington, the USO Foundation, and its domestic and overseas operating centers. All intercompany accounts and transactions have been eliminated.

Chartered stateside USO affiliates are financially autonomous of USO and are, therefore, excluded from USO's consolidated financial statements.

## **Use of Estimates**

The presentation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes to Consolidated Financial Statements—Continued

## December 31, 2011 and 2010

## NOTE B¾SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES¾Continued

## Net Assets

Net assets, which are composed of unrestricted, temporarily and permanently restricted funds, are described below:

#### **Unrestricted Funds:**

- *Operating*—Funds that are generated from general activities and are used to support day-to-day programs and operations.
- Spirit of Hope—Funds which have been designated by the Board of Governors to assist the USO in delivering its programs and services for many years into the future. These Board designated contributions and investment earnings are available to fund operations. The fund was established in 1998 with a transfer of funds from the Desert Storm Education Fund. In the event that the Desert Storm Education Fund does not have sufficient resources to meet its obligations as originally intended, the funds transferred from the Desert Storm Education Fund to the Spirit of Hope shall be available to satisfy any such remaining obligations.

## **Temporarily Restricted Funds:**

- **Desert Storm Education Fund**—Contributions restricted to provide for academic or vocational scholarships to surviving family members of casualties of Desert Shield/Storm operations.
- *Time Restriction*—Certain contributions receivable result from multi-year pledges, and accordingly the amounts due in future years (at their discounted value) have been recorded as temporarily restricted until the year when the pledge becomes due.
- Ongoing Program Activities—Contributions restricted for various worldwide USO programs, such as Operation USO Care Package, USO Operation Phone Home, USO2GO, USO Warriors and Family Care, and United Through Reading's Military Program.
- *Capital Projects*—Contributions restricted for the establishment, expansion or capital improvements of various USO Centers worldwide, including the USO Warrior and Family Centers.
- USO Councils and Others—Donor funds restricted for use in certain regional localities.
- *Spirit of Hope*—Earnings on donor-restricted endowment funds classified as temporarily restricted net assets until those amounts are appropriated for expenditure.

Notes to Consolidated Financial Statements—Continued

## December 31, 2011 and 2010

## NOTE B¾SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES¾Continued

## **Permanently Restricted Funds:**

- *Camp Casey Endowment*—A contribution which has been restricted by the donor to be held in perpetuity, with stipulations on a portion of the earnings to be used for Camp Casey and the remaining to be used for on-going programs and services.
- *Spirit of Hope Endowment Fund*—Funds to be held in perpetuity, with the earnings available to assist the USO in delivering its programs and services for many years into the future. These contributions are from Congressional appropriations and from corporate and individual contributions.

## Foreign Currency

USO operates Centers at major military installations around the world. The United States dollar is the functional currency of the USO; however, the USO maintains financial assets and liabilities in foreign currencies to meet the local obligations of the Centers. The financial assets and liabilities in foreign currencies are translated using exchange rates in effect at the end of the period and revenue and costs are translated using weighted average exchange rates for the period.

## **Cash and Cash Equivalents**

USO considers all highly liquid investments purchased with an initial maturity of three months or less to be cash equivalents.

## **Investments**

Investments in publicly traded debt and equity securities are recorded at fair value generally determined on the basis of quoted market values. Investment income is presented net of investment advisory/management fees in the accompanying consolidated statement of activities.

## **Inventory**

Inventories are stated at the lower of cost or market determined on a first-in, first-out basis and average cost methods.

Contributed product inventory is recorded at the fair value on the date received. Management periodically reviews inventory levels for slow-moving or obsolete inventory and adjusts the fair value, if necessary.

Notes to Consolidated Financial Statements—Continued

## December 31, 2011 and 2010

## NOTE B¾SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES¾Continued

#### **Fixed Assets**

Furniture, fixtures, equipment, and other capitalized assets are recorded at cost and are depreciated using the straight-line method over the estimated useful lives of the respective assets, which range from three to seven years. Leasehold improvements are amortized using the straight-line method over the lesser of the terms of the lease or the expected useful lives of the improvements.

#### **Contributed Materials and Facilities**

Donated facilities, equipment use, materials and supplies received from the United States Government and other donors are reflected in the accompanying consolidated financial statements as support to the USO at the estimated fair value when received or when an unconditional pledge to contribute has been made.

#### **Contributed Services**

USO recognizes contributions of services received if such services (a) create or enhance non-financial assets or (b) require specialized skills, are provided by individuals possessing those skills and would typically need to be purchased if not contributed.

USO receives contributions of services from celebrities in order to carry out its program of providing free celebrity entertainment tours for military personnel around the world. USO also receives contributions of media air time to promote its Public Service Announcements. These contributions of services are reflected in the accompanying consolidated financial statements as support to USO at the estimated fair value when received. As these contributions of services are expended in the year that the services are provided, a corresponding expense equal to the estimated fair market value of the services provided is recognized in the accompanying consolidated financial statements.

In addition, USO receives services from a large number of volunteers who give significant amounts of time to USO's programs. No amounts have been reflected for these types of donated services, as they do not meet the criteria outlined above.

## **Contributions**

Contributions, including unconditional promises to give, are recognized as revenues in the period received or pledged. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. All contributions are considered to be available for unrestricted use, unless specifically restricted by the donor. Contributions with temporary, donor-imposed time or purpose restrictions are recorded as temporarily restricted support. A donor restriction expires when a stipulated time restriction ends or when a purpose restriction is accomplished. Upon expiration, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statement of activities as net assets released from restrictions. Restricted contributions received in the same year in which the restrictions are met are recorded as an increase to temporarily restricted support at the time of receipt and as net assets released from restrictions. The principal and any donor restricted income from permanently restricted contributions are classified as permanently restricted net assets. Income on those assets, not permanently restricted by the donor, is classified as temporarily restricted.

Notes to Consolidated Financial Statements—Continued

## December 31, 2011 and 2010

## NOTE B¾SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES¾Continued

Unconditional promises to give that are expected to be collected within one year are recorded at their net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using credit-adjusted interest rates applicable to the years in which the promises are received. The discount rates used in 2011 and 2010 were 1.6 percent and 1.8 percent, respectively. Amortization of the discounts is included in contribution revenue in the accompanying consolidated statement of activities. Allowances are recorded for estimated uncollectible contributions based upon management's judgment and analysis of the creditworthiness of the donors, past collection experience, and other relevant factors.

#### **Grant Revenue**

Grant revenue on cost-reimbursement grants or contracts is recognized when program expenditures have been incurred. Billed and unbilled receivables of the government grants are expected to be collected within one year and are recorded at net realizable value as grant receivables in the consolidated statement of financial position. Such grant programs are subject to independent audit under the Office of Management and Budget Circular A-133 and review by grantor agencies. Such review could result in the disallowance of expenditures under the terms of the grant or reductions of future grant funds. Based on prior experience, USO's management believes that costs ultimately disallowed, if any, would not materially affect the consolidated financial position of USO.

## **USO Center Revenue**

USO Center Revenue represents amounts collected for cultural tours, canteen operations, gift shops and a variety of other activities of USO Centers located at military installations worldwide. Revenue is recorded when earned. Amounts received in advance for tours and other activities are recorded as deferred revenue and included in accounts payable and accrued expenses in the accompanying consolidated statement of financial position.

#### **Concentration of Credit Risk**

Financial instruments that potentially subject USO to a concentration of credit risk include cash deposits with commercial banks. USO's cash management policies limit its exposure to a concentration of credit risk by maintaining cash accounts at financial institutions whose deposits are insured by the Federal Deposit Insurance Corporation (FDIC). Cash deposits may exceed the FDIC insurable limit of \$250,000 at times throughout the year due to anticipated large expenses under various projects. As of December 31, 2011, the amount in excess of the FDIC insurable limit was approximately \$17,450,000. Management does not consider this to be a significant credit risk. Amounts in foreign bank accounts total approximately \$1,000,000 at December 31, 2011.

## **Functional Allocation of Expenses**

The costs of providing various programs and supporting services have been summarized on a functional basis in the accompanying consolidated statement of functional expenses. Certain costs have been allocated among the program and supporting services benefited.

Notes to Consolidated Financial Statements—Continued

## December 31, 2011 and 2010

### NOTE B¾SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES¾Continued

#### **Income Taxes**

USO is exempt from federal income tax under Section 501(a) of the Internal Revenue Code (IRC) of 1986, as amended, as an organization described in IRC Section 501(c)(3). However, income generated from activities unrelated to USO's exempt purpose is subject to tax under IRC Section 511. USO did not have any material unrelated business income tax liability for the years ended December 31, 2011 and 2010. Therefore, no tax liability has been provided in the accompanying consolidated financial statements.

US GAAP requires that a tax position be recognized or derecognized based on a "more likely than not" threshold. This applies to positions taken or expected to be taken in a tax return. USO does not believe its consolidated financial statements include any uncertain tax positions for the open tax years.

#### **Prior Year Summarized Information**

The consolidated financial statements include certain prior year summarized comparative information in total but not by asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with USO's consolidated financial statements for the year ended December 31, 2010, from which the summarized information was derived.

#### **USO Foundation**

USO Foundation (Foundation) was incorporated as a supporting organization on March 22, 2007 to carry out and support the general charitable purposes of USO. On January 20, 2010 and February 2, 2010, the funds constituting the corpus of the "Spirit of Hope Endowment," which amounted to \$47.2 million in aggregate, were transferred by USO Arlington to the Foundation. The Foundation's accounts are included in the consolidated financial statements.

#### **Reclassifications**

Certain reclassifications have been made to the December 31, 2010 amounts to conform to the December 31, 2011 presentation. Such reclassifications did not change total assets, liabilities, revenues and expenses or changes in net assets reflected in the 2010 consolidated financial statements.

Notes to Consolidated Financial Statements—Continued

### December 31, 2011 and 2010

## NOTE C¾CONTRIBUTIONS RECEIVABLE, NET

Contributions receivable, net consist of the following unconditional promises to give as of December 31, 2011:

|   | U  | nrestricted         | Temporarily<br>Restricted    | Total                         |
|---|----|---------------------|------------------------------|-------------------------------|
| Less than one year<br>One to five years | \$ | 7,343,365<br>33,333 | \$<br>3,028,356<br>2,605,500 | \$<br>10,371,721<br>2,638,833 |
|   |    | 7,376,698           | 5,633,856                    | 13,010,554                    |
| Discount                                |    | (43)                | (53,635)                     | (53,678)                      |
|   | \$ | 7,376,655           | \$<br>5,580,221              | \$<br>12,956,876              |

Contributions receivable, net consist of the following unconditional promises to give as of December 31, 2010:

|   | U  | nrestricted         | Temporarily<br>Restricted    | /  | Total                  |
|---|----|---------------------|------------------------------|----|------------------------|
| Less than one year<br>One to five years | \$ | 4,660,537<br>45,000 | \$<br>2,357,950<br>1,370,000 | \$ | 7,018,487<br>1,415,000 |
|   |    | 4,705,537           | 3,727,950                    |    | 8,433,487              |
| Discount                                |    | (969)               | (54,055)                     |    | (55,024)               |
|   | \$ | 4,704,568           | \$<br>3,673,895              | \$ | 8,378,463              |

An allowance for uncollectable accounts totaling \$217,413 and \$2,165 existed at December 31, 2011 and 2010, respectively.

Included in contributions receivable are unconditional promises to give product inventory that are expected to be received within three months or less and are recorded at their net realizable value which is the estimated fair value based on a minimal timeframe between promise to give and receipt of goods. Inventory receivables are recorded at wholesale value. Wholesale value of the items donated is determined based on management's best estimate using information provided by donors and other third parties. USO does not accept or record inventory receivables that are expected to be collected in greater than one year. Management considers all promises to give of product inventory to be fully collectible, therefore no allowance is recorded.

Notes to Consolidated Financial Statements—Continued

## December 31, 2011 and 2010

## **NOTE D**<sup>3</sup>/<sub>4</sub>**INVESTMENTS**

At December 31, investments are recorded at fair value and consist of the following:

|  | 2011  | 2010  |
|--|---|---|
| Corporate and commercial obligations<br>U.S. Treasury securities<br>Corporate equity securities<br>Money market holdings | \$<br>8,341,771<br>5,163,740<br>46,694,675<br>5,075,656 | \$<br>7,817,584<br>6,735,454<br>46,841,359<br>4,380,205 |
|  | \$<br>65,275,842  | \$<br>65,774,602  |

USO has adopted guidance that defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the inputs used to measure fair value and enhances disclosure requirements for fair value measurements. The guidance maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available.

Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs reflect assumptions that market participants would use in pricing the asset or liability based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the transparency of inputs as follows:

Level 1 – Quoted prices are available in active markets for identical assets or liabilities as of the report date. A quoted price for an identical asset or liability in an active market provides the most reliable fair value measurement because it is directly observable to the market.

Level 2 – Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the report date. The nature of these securities include investments for which quoted prices are available but traded less frequently and investments that are fair valued using other securities, the parameters of which can be directly observed.

Level 3 – Securities that have little to no pricing observability as of the report date. These securities are measured using management's best estimate of fair value, where the inputs into the determination of fair value are not observable and require significant management judgment or estimation.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics, and other factors. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the entity.

Notes to Consolidated Financial Statements—Continued

## December 31, 2011 and 2010

#### NOTE D<sup>3</sup>/<sub>4</sub>INVESTMENTS—Continued

USO considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the entity's perceived risk of that instrument.

Investments were recorded at fair value as of December 31, 2011 based on the following level of hierarchy:

|   | Amount  | •  | uoted Prices<br>in Active<br>Markets for<br>Identical<br>Assets<br>(Level 1) | Significant<br>Other<br>Observable<br>Inputs<br>(Level 2) | Significant<br>nobservable<br>Inputs<br>(Level 3) |
|---|---|----|--|---|---|
| Corporate and commercial<br>obligations<br>U.S. Treasury securities<br>Corporate equity securities<br>Money market holdings | \$<br>8,341,771<br>5,163,740<br>46,694,675<br>5,075,656 | \$ | 6,306,240<br>5,163,740<br>46,694,675<br>5,075,656                            | \$<br>2,035,531<br>                                       | \$<br><br>  |

Notes to Consolidated Financial Statements—Continued

### December 31, 2011 and 2010

#### NOTE E—COMMITMENTS AND CONTINGENCIES

The USO leases office space under long-term lease agreements which expire in 2014. The office leases provide for scheduled rent increases and increases in operating expenses and real estate taxes attributable to the leased property. As part of a lease agreement, USO received eight months of free rent on a portion of the space and reimbursement for certain leasehold improvements as lease incentives, which are recorded as deferred rent in the accompanying consolidated statement of financial position. Scheduled rent increases and these incentives are being recognized over the term of the lease on a straight-line basis. Future minimum payments under this operating lease and other equipment operating leases are as follows:

| 2012<br>2013<br>2014 | \$ | 965,198<br>977,787<br>478,091 |
|----------------------|----|-------------------------------|
|                      | s  | 2,421,076                     |

For the years ended December 31, 2011 and 2010, total rental expense under all operating leases was \$988,823 and \$848,713, respectively (excluding related in-kind support).

USO is subject to claims and suits arising in the ordinary course of its operations. In the opinion of management, the ultimate resolution of any outstanding legal proceedings will not have a material effect on USO's financial position, change in net assets, or cash flows.

On December 26, 2011, USO entered into a contract for approximately \$8 million with a construction company to serve as general contractor to USO in connection with the construction of a two story multiuse facility, serving United States Department of Defense ("DoD") service members ("Wounded Warriors"), their families and primary care givers, to include: healing gardens, outdoor fitness and recreation areas, as well as other associated site, mechanical and electrical work. This facility will be located within Ft. Belvoir in the Commonwealth of Virginia. The construction cost is being funded with donated dollars through a capital campaign. Once the facility is complete and certified for occupancy, USO will convey the building to the DoD Secretary of the Army, as per the terms of the proffer letter, which requires such conveyance.

Notes to Consolidated Financial Statements—Continued

## December 31, 2011 and 2010

## NOTE J-RETIREMENT PLAN

In 2010, USO maintained a money purchase pension plan which provided for the purchase of annuity contracts for participants upon their retirement. USO contributed 7.8 percent of each covered employee's annual salary. Employees were 100 percent vested upon five years of service once eligible.

On January 1, 2011, the money purchase pension plan was converted to a 401(a) with a 401(k) component plan named the United Service Organizations Retirement Savings Plan (RSP). The RSP allows eligible participants to contribute both pre-tax and Roth contributions to the RSP, as well as, allows USO to contribute both employer matching contributions and safe harbor non-elective contributions. Employer matching contributions vest 100 percent over a period of five years; whereas, safe harbor non-elective contributions vest 100 percent over a period of 2 years. In 2011, USO contributed a safe harbor nonelective contribution and a discretionary employer matching contribution equal to 4 percent and 5 percent, respectively, of each covered employee's annual salary.

USO's policy is to fund retirement plan costs as accrued. Retirement plan expense was \$1,629,611 and \$1,436,860 for the years ended December 31, 2011 and 2010, respectively.

## NOTE K-ENDOWMENT

The Spirit of Hope endowment includes both donor-restricted endowment funds and funds designated by the Board of Governors to function as endowments. As required by GAAP, net assets associated with endowment funds, including funds designated by the Board of Governors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

During 2008, the District of Columbia enacted into law the Uniform Prudent Management of Institutional Funds Act (UPMIFA). Management of USO has interpreted the District of Columbia law as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, USO classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by UPMIFA. As of December 31, 2011, there are no plans for the earnings of the endowment to be spent.

Notes to Consolidated Financial Statements—Continued

## December 31, 2011 and 2010

### NOTE K—ENDOWMENT—Continued

USO has adopted an investment policy for the endowment fund. This investment program is based on growing the endowment fund to provide financial stability for USO in perpetuity with no short term plans for withdraws from the fund. USO's ability to tolerate risk and volatility should be consistent with that of a conservative growth portfolio, with investments made in companies that demonstrate consistent growth over time. Asset allocations are developed in accordance with this long-term, conservative growth strategy.

The following illustrates endowment net asset composition by type of fund and the changes in endowment net assets for the year ended December 31:

| 2011   | Unrestricted |             | Temporarily<br>Restricted |               |                           | ermanently<br>Restricted | Total |                          |  |

## NOTE L—SUBSEQUENT EVENTS

The USO evaluated its December 31, 2011 consolidated financial statements for subsequent events through, March 30, 2012, the date the consolidated financial statements were available to be issued.

On January 11, 2012, USO entered into an amendment to its office space lease agreement in order to lease additional space. The amendment provides for annual base rent of \$1,124,382 for the first lease year which begins May 1, 2012 and extends the lease term until January 31, 2017. The amendment provides for scheduled rent increases and increases in operating expenses and real estate taxes attributable to the leased property. A portion of the lease may be terminated before the lease terms date subject to a termination fee.

The USO is not aware of any additional subsequent events which would require disclosure in the consolidated financial statements.
